case study.

Client:	The Color Run Australia
Event:	The Color Run
Event Location:	Australia-wide & New Zealand
Event Services:	Implementation of Event Framework Logistics & Infrastructure Mgmt Onsite Operations Management Event Staffing

The Brief

In 2012, 3vent was approached by The Color Run Australia (TCR) to take on the Onsite Operations Management for all TCR events in Australia and NZ.

Operational event expertise was required to launch the popular fun-run brand in Australia, in a cost-effective and practical manner. In addition, 3vent managed the onsite event operations of 12-15 events annually.

To this date (2019), 3vent still plays an integral part in the delivery of TCR events throughout Australia.

The Result

3vent provided vital support to TCR Australia in establishing the operational framework for the series and to-date manages integral parts of the event.

- ✓ Establishing and organising the event requirements
- ✓ Assembling the logistical framework to transport the event around the country
- ✓ Managing the onsite delivery of each event, primarily focused on course operations
- ✓ Providing an experienced team of event supervisors

case study.

Client: City of Gold Coast
Event: Mayor's Christmas Carols
Event Location: Southport, Gold Coast
Event Services: Supplier Management
Risk & Safety Management
Logistics & Transport
Traffic Management
Event Staffing
Equipment Hire

The Brief

3vent won the public tender for the operations and logistics of the Mayor's Christmas Carols back in 2014.

The popular annual event required a fresh management team to execute the event operationally, as well as improve crowd management practices and implement practical safety strategies due to continuous growth.

We have been executing the event annually since 2014 and currently have a contract in place until 2020.

The Result

To streamline the event delivery and improve crowd safety, 3vent reviewed the event practices and implemented:

- ✓ An overhaul of the bump-in schedule
- ✓ Extra security for asset protection & crowd safety
- ✓ Dedicated Wet Weather & Evacuation procedures
- ✓ Dedicated paths & emergency lanes on the lawn
- ✓ Increased traffic management to facilitate the safe exit of event patrons post-event

case study.

Client: ARTC | Inland Rail
Event: Inland Rail Sod Turning Ceremony
Event Location: Parkes, NSW
Event Services: Supplier Management
Theming & Catering
Risk & Safety Management
Logistics & Transport
Traffic Management
Event Staffing

The Brief

Four weeks prior to event date, 3vent was approached to take on the operations and logistics management of this high-profile, rural sod turning ceremony.

With the Deputy Prime Minister attending and a vastly tight deadline, 3vent had to hit the ground running to ensure all top-end event requirements were delivered.

The Result

After an immediate site visit, our team went to work!

Due to its high-profile nature, the event required a certain caliber to meet client expectations. Hence, equipment was sourced from up to 1,000km away.

- ✓ Large Air-conditioned Marquee
- ✓ Staging & Flooring
- ✓ Luxury Toilets
- ✓ Audio Visual Equipment incl. LED screens
- ✓ Theming, Decoration & Catering

Due to its success, 3vent is a preferred supplier of ARTC.

our clients.

Great success comes from great partnerships.
